Shower Enclosures

by AIS

Step into a pristine experience.

AIS WINDOWS – A DIVISION OF ASAHI INDIA GLASS LTD.

Asahi India Glass Ltd.

Asahi India Glass Ltd. (AIS) is India's leading integrated glass and window solutions company and a dominant player both in the automotive and building & construction segments. Our product solutions, spanning the entire breadth of automotive, building & construction, and consumer glass, are designed to deliver aesthetic and functional benefits.

We are delighted to introduce the all-new Shower Enclosures

an addition to our ever-growing portfolio of innovative glass offerings.

Shower enclosures that redefine spaces

AIS Shower Enclosures combine form and function to creatively tailor to individual tastes and requirements. Our core product is the frameless shower enclosures that open new, elegant avenues in bathroom design with its unique transparent structure.

Made with the highest-quality materials and finish, our shower enclosures are built to withstand extreme forces, ensuring an exceptional product offering in the market.

Why are AIS Shower Enclosures the best choice?

Custom Made
Personalised design as per bathroom requirements

Extremely Safe Glass
Toughened glass adhering to IS 2553 Part 1 & EN 12150-1 Standards

World-Class Hardware
- Brass & Stainless Steel hinges for an enhanced aesthetic appeal
- Soft-close hinges with automatic closure from 30-degree angle for impact protection

The AIS Advantage
A legacy built on clarity and strength with years of expertise in glass innovation

Leak Proof
With water retention properties tested as per EN-14428:2015 Standards

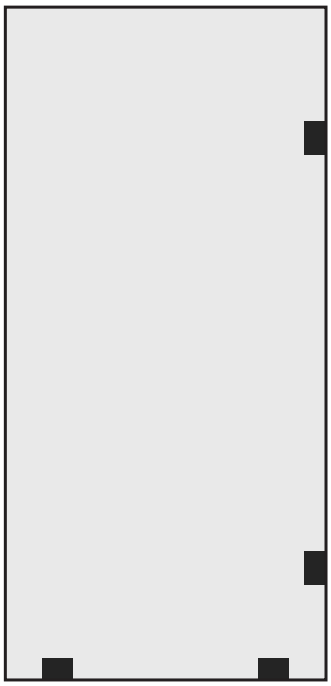

Doorstep Installation
Thorough installation and handover by the AIS service team

Shower Protect Technology
Non-stick, easy-clean coating that resists limescale and bacteria for effortless maintenance and improved hygiene

A single glass panel is placed on the outside of the shower space, enabling entry from one side of the area

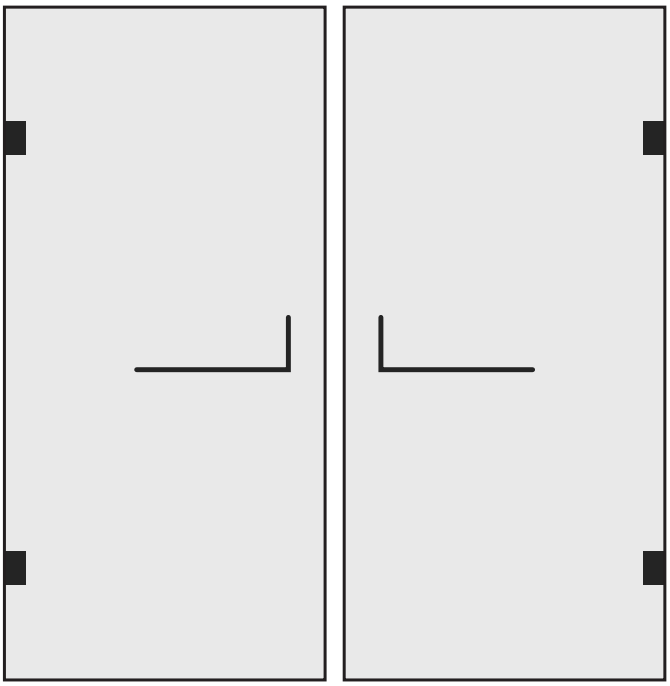

ONE FIXED GLASS

A single glass door opens to provide direct entry into the shower space

SINGLE GLASS DOOR

A premium glass solution for your spaces

As glass is a significant component in a shower enclosure, we ensure to use the highest quality of toughened glass that conforms to safety standards. We design our shower enclosures with industry-grade materials to bring you closer to a redefined bathing space.

- **5 times stronger than normal/annealed glass**
- **Available in 8mm thickness**
- **Shock and impact-resistant**

Glass options available:

Clear

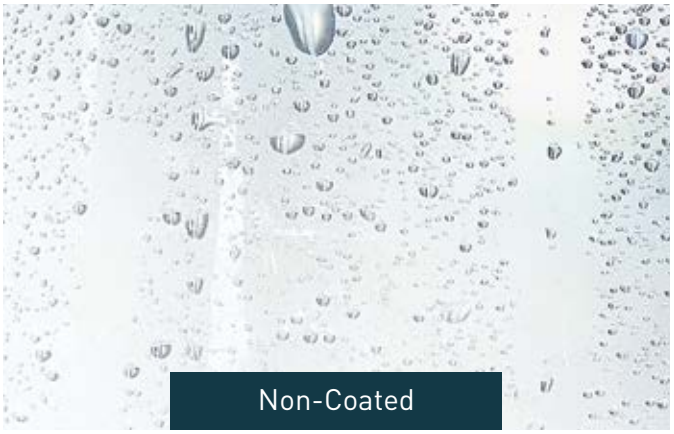

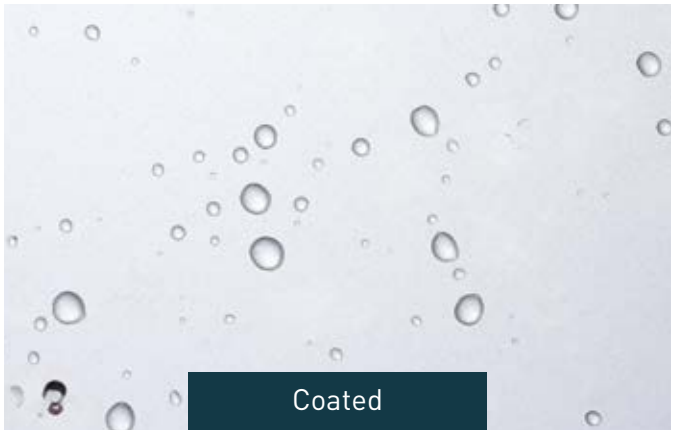

Tinted

**All hardware finishes are available in Chrome, Matte Black, and Rose Gold across all configurations.*

Shower Protect Technology

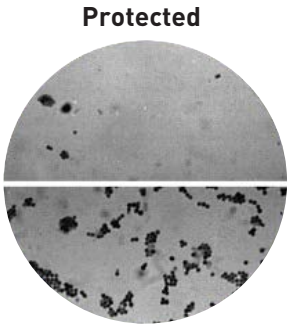

Cleaner, healthier spaces now made possible

Typically, hard water usage results in water-resistant spots to appearing on unprotected glass, giving it an unappealing appearance. Additionally, limescale from the hard water etches itself onto the glass surface, with high levels of humidity accelerating the corrosion process.

Our easy-to-maintain shower enclosures are manufactured with an exceptional '**Shower Protect Technology**' that surpasses normal glass with a variety of features to ensure its appearance and durability.

- **Durable, 'non-stick' anti-limescale protection**
- **Resistant to the adhesion of bacteria, staining and corrosion for a more hygienic environment**
- **Lowered impact of surface contamination for reduced maintenance**
- **Saves cleaning time and effort**
- **Optically clear glass for a pristine appearance**
- **No need for harsh or abrasive cleaning products and methods**

**All hardware finishes are available in Chrome, Matte Black, and Rose Gold across all configurations.*

As an industry benchmark, AIS Shower Enclosures adhere to strict international quality and safety standards.

The Glass Conforms to Quality Checks as per IS 2553-1 and EN 12150-1 Standards

Visual tests for chipping, scratches, and any other visible defects

Ball drop test for impact resistance

Fragmentation test to check breakage pattern

Zebra test for vision waviness

Bow/bending test to ensure straightness of the glass

Shower Enclosure Meets Quality Checks as per EN 14428:2015 Standards

Impact resistance ensures safety

Corrosion resistance provides durability

Endurance test enables increased life cycle

Stability guarantees resistance against human body impact

Water retention ensures a wet and dry area

Mastering Glass Artistry

- AIS leads the industry with over 30 years of experience in glass processing.
- We excel in glass artistry, appreciating its significance in modern architecture and design.
- Our expertise enables us to showcase glass' versatility and visual appeal, making it a cornerstone of contemporary trends.

Blending Functionality and Creativity

- AIS Shower Enclosures embody the perfect fusion of practicality and technical finesse.
- Each enclosure is crafted to satisfy practical requirements while reflecting modern lifestyles and artistic expression.

Uncompromising Quality and Craftsmanship

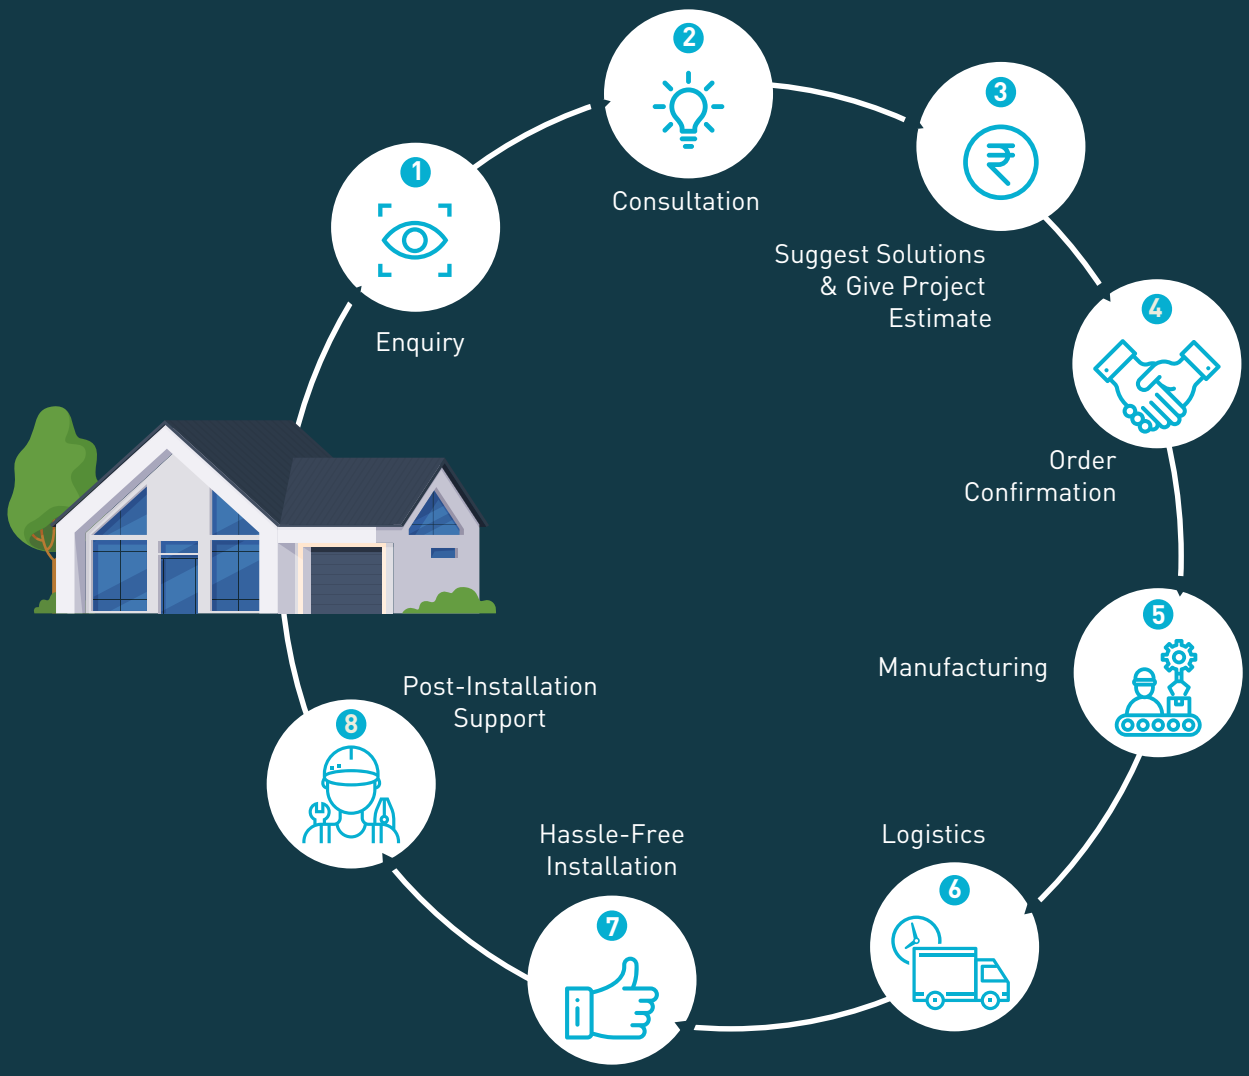

- AIS products maintain the highest quality of standards and artisanship.
- Every enclosure is carefully constructed to achieve a balanced blend of form and function, customised to individual preferences.

Innovative Frameless Shower Enclosures

- Each enclosure harmoniously merges form and function, tailored to individual tastes, to create a masterpiece in every space.

ENJOY OUR CUSTOMISED INSTALLATION SERVICE

From consultation to installation, we offer an end-to-end, hassle-free installation service of your shower enclosures from the comfort of your spaces.
