BRIO®
ELEVATORS

Brio Introduces the

BE-360

OCTAGONAL SHAPE Panoramic Home Elevator Model

A shape that **redefines** comfort and expresses pure elegance.

BE-360

Why Choose

The Brio BE-360 Panoramic Home Elevator redefines residential mobility with sculptural design and advanced engineering, filling homes with light and openness. Its self-supported octagonal form and crystal-clear panels turn any space into an architectural statement. Ideal for Modern houses, Villas, Luxury Homes, Bungalows, Duplex houses.

Design Highlights

- Panoramic Octagonal Architecture
- Minimal Civil Works
- Plug & Play Convenience
- EGSS - Extra Gentle Start & Stop

The Brio BE-360 offers
Multiple Door Configurations

- Same-Side,
- Opposite-Side,
- 90-Degree,
- Three-Side Access

This flexibility lets architects and homeowners integrate the elevator precisely where it fits best, without compromise.

BRIO BE-360 -
A sculptural centerpiece that fills the home with light, graceful movement, and contemporary elegance, elevating everyday living into an experience.

COMPACT FOOTPRINT & FLEXIBLE DIMENSIONS

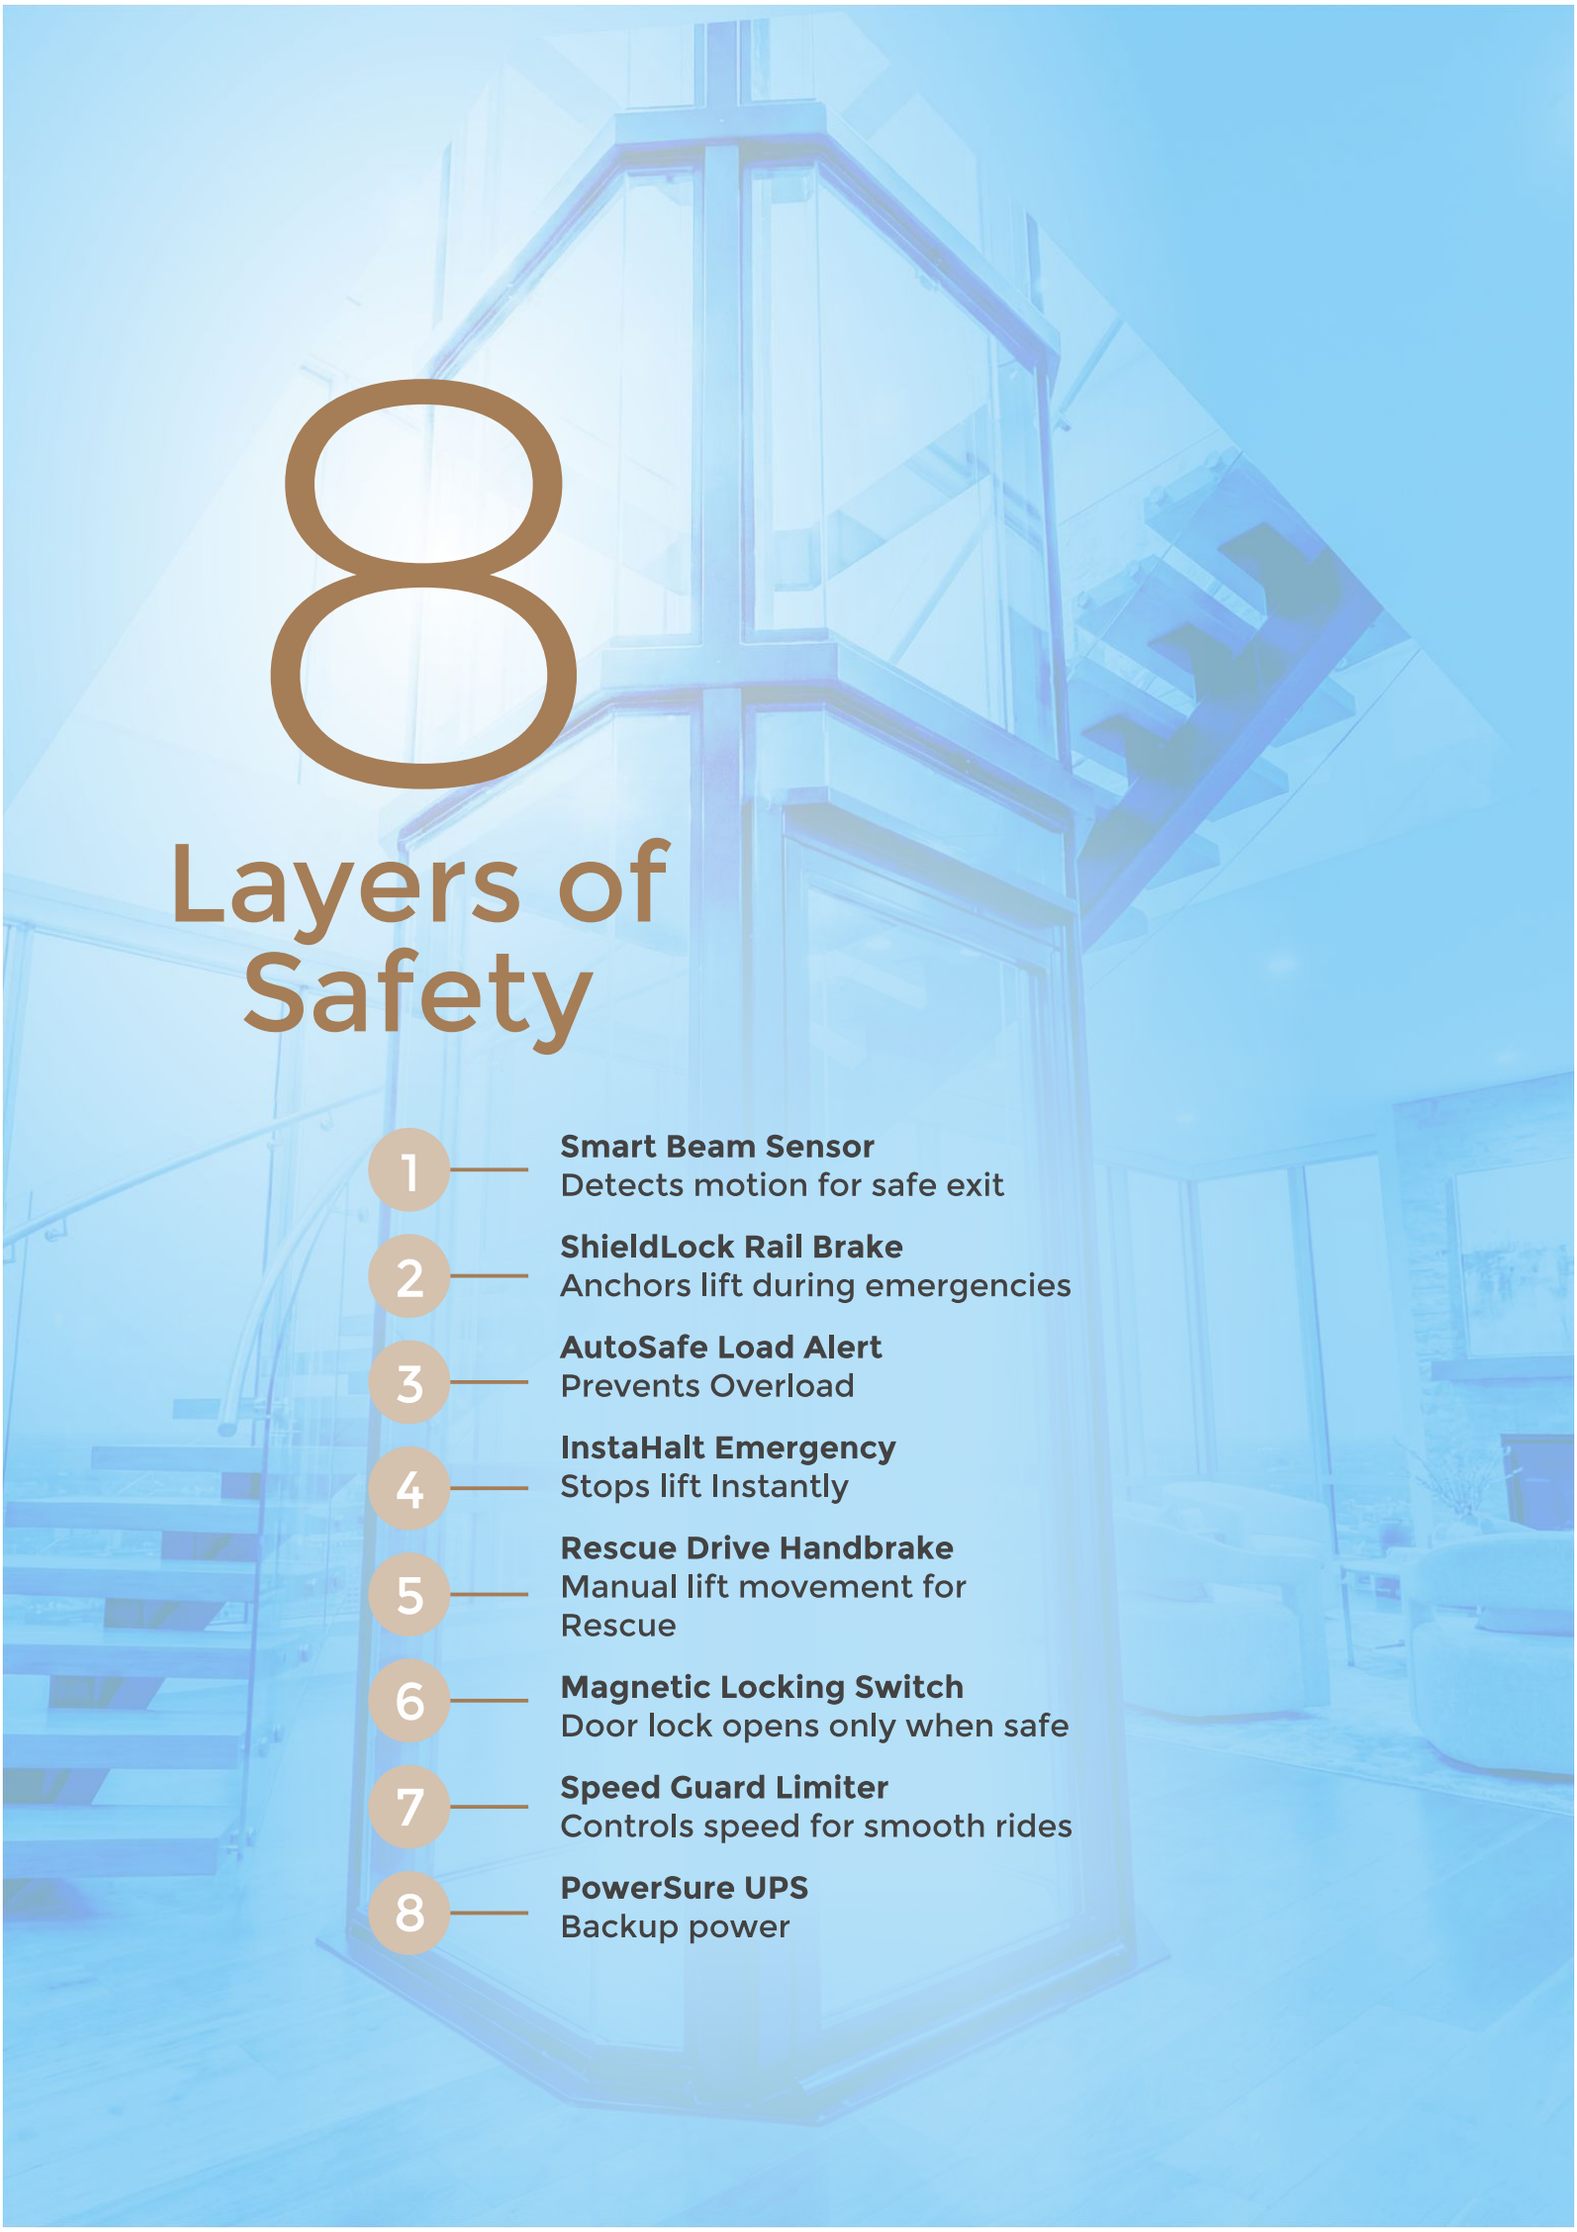

The Brio BE-360 Panoramic Home Elevator delivers a luxurious vertical travel experience within a highly optimized footprint.

Size Range (Octagonal Structure):
Minimum (Width/Depth): 900 mm
Maximum (Width/Depth): 1400 mm

This wide sizing range allows the Brio BE-360 to adapt effortlessly to both space-conscious residences and expansive statement interiors without compromising comfort, visibility, or performance.

Powered by an energy-efficient **winding drum system**, the **Brio BE-360 ensures a smooth, stable, and whisper-quiet ride. Dual aircraft-grade cables** deliver superior balance, reliability, and long-lasting performance with minimal vibration

8 Layers of Safety

1. **Smart Beam Sensor**
   Detects motion for safe exit
2. **ShieldLock Rail Brake**
   Anchors lift during emergencies
3. **AutoSafe Load Alert**
   Prevents Overload
4. **InstaHalt Emergency**
   Stops lift Instantly
5. **Rescue Drive Handbrake**
   Manual lift movement for Rescue
6. **Magnetic Locking Switch**
   Door lock opens only when safe
7. **Speed Guard Limiter**
   Controls speed for smooth rides
8. **PowerSure UPS**
   Backup power
