THE SYNC

- with your interiors
- with your luxury living
- with your safety

?

WHY CHOOSE BRIO

With 25+ years of real estate legacy, Brio Elevators is built on a deep understanding of architecture, lifestyle, and functional design. Evolving from an In-house B2B solution to a trusted B2C brand, Brio blends German engineering, Italian craftsmanship, and Indian adaptability.

Backed by European safety compliance (MD 2006/42/EC & EN 81-41) and CE certification, every elevator delivers whisper-quiet performance, unmatched safety, and personalized elegance. With 500+ residential installations and a 100% customer satisfaction rate, Brio stands for innovation, precision, and trust.

The Home and Mobility Series combines Italian design with advanced technology to elevate everyday living. With 5 Experience Centres across India and an international presence in Malaysia, Brio's growth and global reach are rapidly accelerating.

From
200+ member team and a
₹ 300+ Crore brand with service centres across
100+ cities with Brio Connect APP,
Brio continues to set new benchmarks
in design, safety, and reliability globally.

INDIA'S MOST TRUSTED & LOVED ELEVATOR BRAND

★★★★★

ASSURING A COMPLETE FAMILY COMFORT ELEVATOR

PIT / MACHINE ROOM

Our Home Elevators do not require a pit of up to 300mm

LOWEST AMC

Our patented technology allows our client to feel absolutely safe without routine maintenance

HEAD ROOM

Headroom is meant for commercial elevators. We require an FFL- Ceiling of only 3000mm

NO GOVT. LICENSE

No government license is required as we consume only single phase electricity power

ENHANCED SAFETY

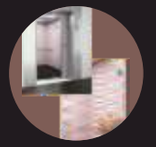

Advanced Authentication

Biometric, RFID, and Numpad access ensure only authorized users can operate the elevator.

Staged Safety Gear

Dual safety gears and governor systems provide controlled & secure stops during over speed.

Multi-Beam Light Curtains

Criss - cross infrared sensors detect even the tiniest obstacle keeping doorways safe.

Power Failure Rescue

Automatically moves the elevator to the nearest floor during power cut for safe exit.

Advanced Door Control

Smooth & Silent V3F operation with anti-squeeze tech and E120 fire-resistant doors.

Grease-Less Rails

Self-lubricating rails reduce friction, dust and wear for clean & low-maintenance rides.

Fault Detection & Reporting

Smart alerts and auto-response systems prevent entrapment and enhance safety.

Integrated Controller

Sophisticated VVVF + PWM tech ensures top performance with energy efficiency.

Magnetic Controls

Electronic magnetic systems enable precise, silent rides and future-ready upgrades.

ADVANCED FEATURES

- Customised Product
- 360 Degree Panoramic View
- Power Consumption Like Half Ton AC
- Connects to Any Electrical 230v Outlet
- Compact, Quiet and Easy to Install
- Reduced Maintenance Costs
- Custom Interior Cabin with Expert Suggestion
- Imported Components
- No Civil Work
- Stand Alone Structure
- Advanced Technology
- Architect Friendly
- Eco - friendly
- Just Plug & Play

- → Jerks / Slips
- → Limited Cabin Size & Space
- → Poor Passenger Confidence

TOP SELLING MODEL

GEARLESS BELT DRIVE

BRIO introduced India's First Next-Gen Grooved Belt Series blending cutting-edge engineering with world-class aesthetics to create an experience that make every journey feel premium.

GROOVED / FLAT BELT MODEL

We use a Grooved / Flat Belt &
Grooved / Flat Pulley .
And here's what that means for you:

- **No Slipping**
  The grooves lock in, just like gears.
- **Energy Efficient & Sleek**
  Fits into smaller spaces & saves power too
- **Stable & Smooth Ride**
  No jerks even at high speeds or with more people inside.
- **Whisper-Quiet Operation**
  The grooves lock in, just like gears.
- **Longer Life, Lower Maintenance**
  More peace of mind.

Brio's Patented CantiGlide™

Patented Suspension Stability :
Engineered cantilever design virtually eliminates cabin wobble for unmatched smoothness.

Rock-Solid Ride Comfort :
Precision load balancing ensures jerk-free & luxurious movement at speeds up to 1 m/s.

Extended Lifespan & Reliability :
Reduced structural stress means longer-lasting components and lower maintenance costs.

Bigger Cabins, Compact Shafts :
Supports spacious cabins in space-saving designs without compromising stability.

Built for Modern Living :
Delivers premium ride quality and safety without the need for a pit or machine room.

Uncompromising Safety :
Designed to exceed international safety standards giving you complete peace of mind.

Superior Durability (15 million life cycles)

Grooved Belt Technology

Gearless PMSM Motor

BE-360

A shape that **redefines** comfort and expresses pure elegance.

OCTAGONAL SHAPED Panoramic Home Elevator Model

This wide sizing range allows the Brio BE-360 to adapt effortlessly to both space-conscious residences and expansive statement interiors without compromising comfort, visibility, or performance.

Powered by an energy-efficient winding drum system, the Brio BE-360 ensures a smooth, stable, and whisper-quiet ride. Dual aircraft-grade cables deliver superior balance, reliability, and long-lasting performance with minimal vibration

Size Range (Octagonal Structure):
Minimum Width / Depth: 900 mm
Maximum Width / Depth: 1400 mm

- Panoramic Octagonal Architecture
- Minimal Civil Works
- Plug & Play Convenience
- EGSS - Extra Gentle Start & Stop
- Exclusive 8mm Toughened Glass Built (360°)

8 Layered Protection Safety

- **Smart Beam Sensors**
  Detects motion for safe exit
- **ShieldLock Rail Brake**
  Anchors lift during emergencies
- **AutoSafe Load Alert**
  Prevents Overload
- **InstaHalt Emergency**
  Stops lift Instantly
- **Rescue Drive Handbrake**
  Manual lift movement for Rescue
- **Magnetic Locking Switch**
  Door lock opens only when safe
- **Speed Guard Limiter**
  Controls speed for smooth rides
- **PowerSure UPS**
  Backup power

MOVE

WITH RHYTHM

B=50

ASTRA 50 (Only G+1)

Effortless Elegance, Smartly Engineered

Space, floor, and budget constraints inspired our research to create a perfect solution — ASTRA 50.

Astra 50 is expertly designed for narrow spaces and retrofits, installing in just one week without major renovations. It offers easy mobility and customizable finishes, blending luxury, comfort, and functionality in a compact design.

- **Whisper-Quiet Luxury**
  Astra 50 glides with a PMSM motor, delivering smooth, silent rides without noisy hydraulics.
- **Quick & Seamless Installation**
  Modular design allows setup in just 1–2 days, with no major renovations required.
- **Simple Power, Smart Convenience**
  Plugs into a standard 15 Amp / 220 VAC socket, just like any home appliance.
- **Perfect for Compact Spaces**
  Lightweight and stylish, Astra 50 fits where others can't — ideal for space-constrained homes.
- **Dual-Support Stability**
  A self-supporting frame with dual parallel guides ensures unmatched balance and strength.
